LOOP PROJECT

What it is: A project for empowering teachers personal, professional and social continuous development through innovative peer-induction programmes

Aim: To contribute to the shift towards a comprehensive teaching profession policy that spans across all stages of the teachers' professional careers

Project's results:

- A peer-learning induction programme based on mentoring, to support the initiation into the teaching profession and adaptation to a new workplace culture
- A mentors' programme for the development of competences to guide and support new teachers during the implementation of the induction programme

And:

- Testing and validation of the induction and mentoring programmes in the schools of the LOOP network
- Preparation of policy recommendations
